

POLICY ON THE POSTING OF YARD SIGNS

Effective the 2007 Spring Semester, yard signs are no longer permissible on the LSU campus, with the exception of major LSU events: Commencement, Spring Invitational, and Freshmen Orientation.

The policy change was implemented due to the increased number of signs being posted and numerous signs remaining after an event had ended. Additionally, the influx of yard signs has become an obstruction for Facility Services' maintenance/landscaping personnel and motorized landscape vehicles. Yard signs erected in pedestrian areas create hazards for LSU students, faculty and staff, and the positioning of some signs hamper the visibility for motorists. Signs were also being placed in areas not on University property.
