PM-13 has been revised to reflect changes to the travel policy effective July 1, 2010. A summary of changes is as follows:

- Designated conference hotel(s) with no room available - a Department Head may approve to pay the actual hotel cost not to exceed the conference lodging rates for other hotels located near the conference hotel.
- All airport shuttle/limousines and taxi reimbursements require a receipt to account for the total daily amount claimed. A driver's tip for shuttle/limousines and taxis may be given and must not exceed 15% of the total charge. The tip amount must be included on the receipt received from the driver/company.
- In-state rentals are subject to the Enterprise Rent-A-Car State Motor Pool Contract. Only the cost of rental of compact or mid-size/intermediate models is reimbursable, unless 1) non-availability is documented, 2) the vehicle will be used to transport more than two individuals, or 3) the cost of a larger vehicle for out-of-state rentals only, is no more than the rental rate of a compact or mid-size/intermediate model. Special approval is required from the Department Head or his/her designee, for rental of any vehicle above the "full size" category.
- A Department Head or his/her designee may, on a case-by-case basis, authorize a larger sized rental vehicle provided detailed justification is kept in the employee's file. Such justification should include, but is not limited to, specific medical requirements when supported by a doctor's recommendation.
