

PERMANENT MEMORANDUM 49 INFORMATION TECHNOLOGY GOVERNANCE

POLICY DIGEST

Monitoring Unit: Office of Information Technology Services

Initially Issued: January 14, 2021

I. PURPOSE

The University's Information Technology (IT) resources must be in alignment with the University's strategies and provide for the effective and efficient use of IT in enabling the University, and each LSU institution, to fulfill its mission. To accomplish this purpose, this policy establishes an IT Governance program providing a formalized framework for input and decision-making in a centralized manner, while leveraging the autonomous benefits of a decentralized University IT environment. This framework shall provide a
