

COURSE SCHEDULE FOR MASTER OF SCIENCE STUDENTS IN RENEWABLE NATURAL RESOURCES

All M.S. RNR students in their initial semester should meet with their Advisory Committee and plan a program of study, identifying what courses the student will take and the semester to be taken. Completed forms should be provided to the student, all members of the Advisory Committee, and the Administrative Assistant in charge of Student Services in room 227 of the RNR Building. The form should list all courses that will be
