

Barred Owl

Hearing any owls??? How about an owl that makes the sound, “Who cooks for you?” Owls may visit your backyard in search of food like mice, snakes, lizards, frogs, squirrels, and insects.

The Barred owl can have a wingspan of up to 43 inches! Owls are nocturnal so during the day they spend their time in the tree canopy and will hunt at night.

Other species common to Louisiana are the Eastern Screech owl, Barn owl, and Great Horned owl.
