

A+ SCHOOLS'

The A+ Schools model focuses on the high quality of the fundamental skills each

Florida's initial education reform plan is the foundation of the state's education reform. The plan is based on the principles of the Florida Department of Education's "Florida's Education Reform Plan: A Vision for the Future." The plan is based on the principles of the Florida Department of Education's "Florida's Education Reform Plan: A Vision for the Future."

POSITIVE SCHOOL CLIMATE

In a school with a positive climate, students are more likely to be engaged in learning and to achieve higher academic outcomes. A positive school climate is characterized by a safe and supportive environment, high expectations for all students, and a focus on learning and growth. A positive school climate is characterized by a safe and supportive environment, high expectations for all students, and a focus on learning and growth.

A school leader's role is to create a positive school climate and to ensure that all students have the opportunity to succeed. A school leader's role is to create a positive school climate and to ensure that all students have the opportunity to succeed.

INCREASED ARTS OPPORTUNITIES

Providing students with increased opportunities to engage in the arts is an important part of a well-rounded education. The arts help students develop critical thinking skills, creativity, and problem-solving abilities. The arts help students develop critical thinking skills, creativity, and problem-solving abilities.
