## ASCE Student Chapter Participates in Deep South Regional Conference

Isaiah's (ASCE) participation in the Deep South Regional Conference was a significant event for the student chapter. The conference provided an opportunity for ASCE students from various universities to meet and network with each other. The event was held at a local hotel and was attended by approximately 100 students. The conference was organized by the ASCE Deep South Region and was held from October 15-17, 2023. The conference was a success and was well-received by the students. The ASCE student chapter is proud to have participated in this important event.

## CE4460 Visits Boykin Brothers, Inc.

On August 14, 2019, a group of CE4460 students and faculty members visited Boykin Brothers, Inc. in Boykin, Alabama. The visit was led by Professor [Name] and included a tour of the facility, a presentation on the company's operations, and a Q&A session. Boykin Brothers is a leading provider of industrial services, including construction, maintenance, and repair of industrial equipment. The students were impressed by the company's commitment to safety and quality. The visit provided a valuable learning opportunity for the students and a chance for them to interact with industry professionals.
