

University Policies – Attendance, Integrity and Access

University education is a great privilege, offered to all with the ability and the willingness to learn, without obstacles based on race, sex, or other aspects of personal identity. Students would be foolish to squander this opportunity by unexcused absence from class or by academic dishonesty. Please consult linked LSU policies.

I will emphasize that plagiarism is a serious violation of academic integrity and will

University Statement on Integrated Learning –

Integrated learning allows students to make simple connections among ideas and experiences and across disciplines and perspectives. The LSU Integrative Learning Core (ILC) curriculum is designed to develop

5. If you have been exposed to others who have tested positive for COVID-19, self-quarantine consistent with current CDC guidelines.

Precautions Specific to our class ã

- x Students may choose to stay home and stream the course via Zoom. I urge any students who feel sick or are otherwise concerned about attending class in person to stay home and stream the course. I will monitor the Zoom participants during the lecture.
- x Students are required to wipe down their desks at the beginning and end of each class. The classroom is provided with cleaning supplies as well as hand sanitizer. Students are of course welcome to bring their own hand sanitizer.
- x The seat you choose for the first day is where you should plan to sit for the rest of the semester. This university recommendation is inspired by health precautions but in general it is better to sit in the same seat. Research seems to show learning retention is improved when you have a sense of ownership over your space.

Daily Symptom Checker ã

You are required to respond to a daily symptom check request sent via email or text message each morning. Completing the symptom checker will take approximately one to two minutes. Once you have provided information about your symptoms, you will be given feedback on whether or not you are certified to return to campus and attend your classes. Additionally, if you test positive for COVID-19, you are required to report it in your daily symptom checker application.
