**Course Description:** This is an advanced undergraduate course in International Political Economy (IPE), including topics such as international trade, international money, international development, and globalization. The course will focus on both technical elements of international economics as well as the international and domestic political processes which affect and are affected by international economic activities. It is expected that by the end of the co

**Course Requirements:** The structure of the class will be a mix of lecture as well as group discussion. To help facilitate the class discussion, it is imperative that students come prepared to each class having read that week's material. It would also be beneficial if students prepared their questions from the week's reading for discussion during class.

A few notes on participation:

1. All students are expected to participate in class discussions. Students uncomfortable speaking in front of the class are encouraged to come to office hours to discuss the material. Participation in office hours will count towards the class participation grade.
2. Many of the issues and approaches utilized in international relations are subject to debate. Students are therefore encouraged to question the material in a thoughtful and respectful manner. No student will be penalized for presenting an argument which questions the material presented; all perspectives are welcome, although they are also fair game for class discussion and debate.
3. In order to facilitate class discussion and preserve an environment in which all students are encouraged to participate, please keep the thrust of your class contributions directed at the material and arguments presented and not at fellow class members. Comments of a personal nature directed against fellow students will not be tolerated.

**Grading Policy:** The grading breakdown is as follows:

Attendance: 15%

Discussion Papers: 25%

Mid-term Exam: 30%

Final Exam: 30%

#### Letter Grades and Percentages

A+: 97-100	B+: 87-89	C+: 77-79	D+: 67-69	F: 59 or below
A: 93-96	B: 83-86	C: 73-76	D: 63-66	
A-: 90-92	B-: 80-82	C-: 70-72	D-: 60-62	

#### Additional Notes on Grading:

Students are allowed 3 absences without penalty and the attendance grade will be calculated as  $[(\text{Number of classes attended})/(\text{Number of classes in which attendance was taken}-3)]*100$ . Absences after the third may be forgiven with written evidence that the absence complies with LSU Policy Statement 22: <https://goo.gl/ttg4zT>. Written documentation for the first three absences is not necessary as they are automatically forgiven.

Missed exams may not be made up without appropriate documentation of a valid excuse for absence as defined by LSU Policy Statement 22.

The calculated final percentage will be rounded up to the nearest integer for assignment of the course letter grade.

If you feel that an error has been made in the grading of your assignment, a written submission specifying the contested question(s) and/or issue(s) as well as the detailed reason why you feel an error has been made, including supporting documentation, should be given to the course instructor prior to scheduling a meeting to discuss the issue. Only grading issues pertaining to the substance or format of an argument or factual error on the part of the instructor will be considered eligible for review.

**Discussion Papers:** Students will be asked throughout the course to write brief (3-5 page) discussion papers on an assigned work, for which specific prompts and due dates will be given as the semester progresses. Each submission will be evaluated on the thoroughness, accuracy and quality of the argument relative to the assigned reading, as well as the quality of style and grammar.

**General Statement on Academic Integrity:**

Louisiana State University adopted the Commitment to Community in 1995 to set forth guidelines for student behavior both inside and outside of the classroom. The Commitment to Community charges students to maintain high standards of academic and personal integrity. All students are expected to read and be familiar with the LSU Code of Student Conduct and Commitment to Community, found online at [www.lsu.edu/saa](http://www.lsu.edu/saa). It is your responsibility as a student at LSU to know and understand the academic standards for our community.

Students who are suspected of violating the Code of Conduct will be referred to the Office of Student Advocacy and Accountability. For undergraduate students, a first academic violation could result in a zero grade on the assignment or failing the class and disciplinary probation until graduation. For a second academic violation, the result could be suspension from LSU. For graduate students, suspension is the appropriate outcome for the first offense.

**Plagiarism and Citation Method:**

As a student at LSU, it is your responsibility to refrain from plagiarizing the academic property of another and to utilize appropriate citation method for all coursework. Ignorance of the citation method is not an excuse for academic misconduct. Remember givenilhe awn ert apriate ou17.925ti815-.0006 Tc-.004 Tw[(on thte,iareastestecou)5th
