

Discover 6.1.7 with Statement of origin

al research question or problem				
a. States the research question or problem being addressed	0	1	2	3
b. Explains the justification for and significance of the study	0	1	2	3

2. Background information

- a. acknowledges existing research or scholarship
- b. Explains why this study is needed to fill gaps or add

approaches that are used

a. Shows how results or arguments address the question(s)	0	1	2	3
b. Conveys the significance and importance of the findings/arguments	0	1	2	3

6. Oral component of presentation

- a. Effective oral presentation of the study for non-technical audience, 3-5 minutes max
- b. Q&A: how well did they answer questions?
