Federal Communications Commission (FCC)

The FCC is a Federal agency that has been granted the legal authority to regulate and control radio and television broadcasting in the United States. Its powers include: the granting of licenses to operate radio stations; the assignment of specifi

the larger community (campus and beyond) served by the station's frequency.

IV. OPERATING PROCEDURES

Operating procedures for KLSU provide for the University's active participation and involvement in all aspects of the station's management and operation. Thus, these operating procedures must by law reflect a level of involvement and control that is considerably different and greater than the University's involvement, as publisher, in the editing of *The Daily Reveille*, *Legacy* and *Gumbo*. In establishing

student media including radio station KLSU. Overall leadership is provided by the Director. Direct management of KLSU is provided through an Adviser. This office is also the administrative unit for paid student workers and the physical facilities of the radio station.

The Student Media Board

The Student Media Board has been delegated authority for the selection of the student station manager and has the authority to take disciplinary actions including removal for cause growing out of incompetence and irresponsibility on the part of the station manager. It reports administratively to Auxiliary Services within the Division of Student Affairs
