Name: REQUIRah. B 8be c35. B 825dede5Tm 0 Tc 0 Tw2ti4 5.0el.i4 5.
Eastern Europe, India, Mexico, Middle East, or The South Pacific (exclud
over 4 weeks? If so, where? _____

If you answered "Yes" to any of the questions above, you must obtain tuberculosis (TB) testing. (See steps below.)

Step 1: Tuberculin Skin Test: (Must be done within 1 year of completing this form)

Positive if 10mm for questions 1 or 2 or 5mm for questions 3 or 4

Date applied: ____/____/____ Date read: ____/____/____ Injection Site: _____

Result: _____ mm of induration Interpretation: Negative ____ Positive ____

Step 2: IGRA TB Blood Test (QFT Plus or TSPOT) is required if the Tuberculin Skin Test is positive. You may take the blood test in place of the skin test. (A copy of the IGRA test results must be turned in with the form.)

Step 3: If the IGRA is positive a Chest X-ray is required. (A copy of the X-ray results must be turned in with this form. A Chest X-ray cannot be taken in the place of a TB skin or blood test.)

Step 4: It is recommended that students with a positive IGRA with no signs of active disease on chest X-ray be treated for latent TB.

____ Student has been treated or agrees to receive treatment.

Name of treatment medications: _____

Date initiated and duration of treatment: _____ (Please provide copy of completion of treatment.)

____ Student declines treatment at this time and agrees to come to the Student Health Center to sign the Refusal of Treatment for Latent TB. Student also agrees to routine checkups to monitor the progression of latent TB.

Medical Provider Signature: _____ Date: ____/____/____

Address: _____ Phone: (____) _____

You will not be able to complete registration until you comply with the university immunization requirements. All documentation should be submitted prior to coming to campus.

Electronic Verification and Submission

- 1) Log-on to the Student Health Center Patient Portal using your myLSU credentials. Access it by visiting the Student Health Center homepage, www.lsu.edu/shc, and clicking on **Patient Portal** in the top right-hand corner or by using the direct link, www.lsu.edu/shcportal. It may take up to 3 business days after you receive your LSU email account before you can access the Patient Portal.
- 2) Check your immunization status by clicking on the **Immunizations** tab. If you are an in-state student, the Student Health Center may have received proof of some or all the required vaccinations through the Louisiana Immunization Network.

You are not “compliant” with the immunization requirements until we receive proof of required immunizations and a completed Tuberculosis (TB) Questionnaire.

- 3) Submit immunization information by clicking the **Upload** tab. Make sure your medical provider completed and signed the form and provided copies of any required lab reports. All lab reports must include your name and date of birth. Your files can be no larger than 4 MB. (Scan in black and white or at a setting of 150 DPI to decrease the file size.)

Once your documents are uploaded, it may take up to 3 business days to be reviewed and verified. Check your LSU email regularly for notification of secure messages from the Student Health Center.

- 4) Complete the Tuberculosis (TB) Questionnaire by clicking the **Forms** tab. It can be completed and submitted electronically. If you answer “No” to all questions, no further action is required. If you answer “Yes” to any of the questions, you must obtain tuberculosis (TB) testing.

You will not be able to complete registration until you comply with the university immunization requirements. All documentation should be submitted prior to coming to campus.

If you want to request an exemption/waiver for immunizations, visit our Patient Portal for instructions. www.lsu.edu/shcportal

The completed form can also be submitted in person, by mail, by fax or by email to:

LSU Student Health Center
